

Your Press-on Nails Size Guide

24 nails. 10 perfect matches. Let's find yours.

FIND YOUR SIZE

What's Inside

You received 24 unnumbered nails (12 sizes per hand). Simply dry-fit each nail and choose the 10 that fit your fingers perfectly.

Quick Sizing Steps

1. Lay all 24 nails out from widest to narrowest.
2. Start with your thumb and test sizes without glue.
3. Choose the nail that covers your nail edge-to-edge without touching skin.
4. Repeat for all 10 fingers.
5. Arrange your selected nails in order: Thumb → Index → Middle → Ring → Pinky.

Typical Size Pattern

Finger	Usually
Thumb	Widest
Middle	Second widest
Index	Slightly narrower
Ring	Similar to index
Pinky	Narrowest

Always trust the fit, not the chart.

GLUE DOT GUIDE

Your kit includes Small, Medium, and Large glue dots.

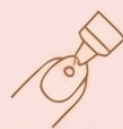

Hold strength is the same. Choose the size that best fits your nail.

Finger	Dot Size
Thumb	Large
Middle	Large
Index	Medium
Ring	Medium
Pinky	Small

Pro Tips

- Cover about 70–80% of your natural nail.
- Trim any excess adhesive before applying.
- Wide thumbs may need 1 large + 1 small dot.
- Keep adhesive away from skin and cuticles.

APPLY IN 4 EASY STEPS

1. **Prep:** Wash hands, push back cuticles, lightly buff nails, and clean with the alcohol pad.
2. **Apply Glue Dot:** Place the correct-sized dot directly onto your natural nail and press for 5 seconds.
3. **Apply Press-On:** Position near the cuticle, slide into place, and press firmly for 15–20 seconds.
4. **Set & Go:** Avoid water for 1–2 hours.

REMOVAL & REUSE

- Soak hands in warm soapy water for few seconds.

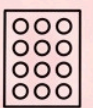

- Gently lift from the side with the wooden stick.

- Remove leftover adhesive with baby oil or coconut oil.

- Store nails back in the box.

- Reuse with fresh glue dots.
